OFFICE OF LEGISLATIVE COUNSEL

Friday - 9 November 1973

1. (Unclassified - GLC) Received a call from Thomas J. Reckford, Staff Assistant on Intelligence to the Commission on the Organization of the Government for the Conduct of Foreign Policy, who said he forgot to mention yesterday that he presumes that we will also be involved in the physical security arrangements for other witnesses who will be appearing before the Commission on 19 and 20 November. I told Reckford I had no plans to do this but I would look into the situation and be back in touch with him. Reckford seemed to feel that since the other witnesses were all part of the intelligence community we would want to handle the matter for everyone.

Later in the day I talked to Gary Foster, IC Staff, about my conversation with Reckford and Foster gave me the names of some people he had been in touch with in Defense and State Department. I plan to call them to discuss the physical security arrangements in the hope that each agency will handle its own physical security in accordance with the procedures we will be following.
